

Loving Unconditionally By Honouring The Divinity In All People & Situations

HONOURING is seeing and connecting to the divinity in all things: people, plants, animals; and even inanimate objects such as rocks. All things are an expression of divinity so it is possible to honour or see the divinity in all things. Without knowing there is divinity in all things, you struggle. When you do not allow everything to be a part of you, you feel separate and have a need for survival i.e. you operate from fear, distrust, misconception etc.

Honouring the divinity in all things, melts or heals the fear in your life. You cannot heal yourself or others if you do not trust and allow your unconditional love to keep you safe. Honouring the divinity in all things is to love unconditionally. Unconditional love flows from your spirit and has the power to manifest your desires and heal your pain. Unconditional love does not create the barriers and fears created by the conditional love of your emotions.

By Grand Master Dr. Issam Kadamani

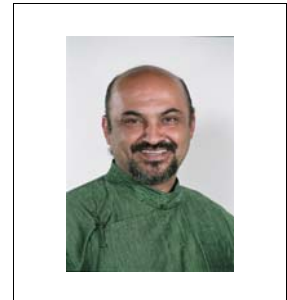

GRAND MASTER Dr Issam Kadamani has been teaching others about unconditional love and divinity for over 20 years. He was born in Lebanon but a few astonishing events changed his life forever. He was thirteen years old when he started seeing visions, a year later, Lebanon (his country of birth) was torn apart by war. Unwittingly he was drawn into the war and jailed at the age of 15 for

being Christian. A few months later he was able to escape from prison and continued seeing visions. At the age of 17 Grand Master Dr. Issam was "chosen" to go through an arduous trek to Tibet, to live at the Mystery School in Tibet and learn their ancient teachings.

Over three years at the ancient Mystery School in Tibet, Grand Master Dr Issam experienced amazing feats from the Masters that were beyond belief. He was personally taught by these enlightened beings and learned things himself, things that most of us of have only heard about or

read in books. Grand Master Dr Issam obtained the title of Grand Master by mastering the esoteric arts of astrology, astral travel, sacred geometry, the ability to read and see auras clearly and effortlessly, martial arts and healing. Due to his exceptional talents Grand Master Dr. Issam was the first person who passed all the mental, emotional, mental and physical tests he was put through at the Mystery School. He has been the first and only person chosen to teach Ajna™ Tibetan Healing in the western world.

We are truly blessed to have a Grand Master of such supreme knowledge amongst us in Melbourne, Australia. Be inspired by his presence, by the

warmth of his laughter, by the depth of his compassion and the enormous energy surrounding him.

You have the chance to be amongst the magnanimous energy of Grand Master Dr Issam Kadamani by attending Tuesday evening Metaphysics classes in Northcote or Thursday evenings in Mornington. Times 7.00pm – 9.00pm (refreshments provided)
